

Security Update!

Beginning March 31st 2015

Your image & pass phrase
will no longer be displayed
when logging in.

peoplesbank
OF COMMERCE

www.e-peoplesbank.com

Beginning March 31st, we're removing the step of displaying an image and pass phrase, while still guarding you on every level.

Here's how our powerful security measures work:

The access process begins with you typing in your correct User ID and Password.

Then we check the device you are using – whether it's your computer, mobile phone or tablet. If we don't recognize the device, we may ask you to complete a Security Challenge to ensure your identity.

We also check geographic indicators. If you're trying to log in from a new location, we may ask additional questions.

Security you can check:

Before entering your password or answering the Security Challenge, check your browser's address bar. We've added an additional layer of security that shows if you are connected to a safe server. If your browser's address bar is GREEN, your connection is safe. If it's not GREEN, stop your log in process and contact us.

Green Address Bar in Browsers

Internet Explorer

Chrome

Firefox

Safari

Opera

If you have any questions about the security of our online services, feel free to contact us at 763-689-1212 or www.e-peoplesbank.com.
